

A close-up, high-key photograph of a woman's face. Her eyes are light and looking directly at the camera. A vibrant, multi-colored powder explosion, resembling a rainbow, is centered over her mouth. The colors transition from green at the top, through yellow, orange, red, pink, and purple, to blue on the right side. The powder has a fine, granular texture. In the center of this explosion is a white rectangular box containing the text 'LIVE & NATURAL HAIR TONES'.

Mix Tone

3 cm = 1.5 gr
2 cm = 1.0 gr
1 cm = 0.5 gr
2 cm = 1.0 gr
3 cm = 1.5 gr
4 cm = 2.0 gr
5 cm = 2.5 gr
6 cm = 3.0 gr
7 cm = 3.5 gr
8 cm = 4.0 gr
9 cm = 4.5 gr

Karışım Önerileri

- Morfose 10 Miks renkleri yoğun direkt renklendiricilerdir (derinliksiz). Bazı olarak kullanılan ton ne kadar açıkça Miks Renk o kadar az kullanılır. 12 bu kurala uymaz.
- Saç tellerini veya saçın bir bölümünü yoğunlaştırmak için Morfose 10 Oksidan Krem ile 1:1 oranında kullanılır.
- Olağanüstü parlaklık elde etmek için önceden açılmış saçta uygulayınız.

Karışım Oranı

Genel olarak Morfose 10 Miks Renkler ana renklerle birlikte çok az miktarda kullanılır.

1 Morfose 10 ana renk + Morfose 10 Miks Renk + 1 Morfose 10 Oksidan Krem
Örnek: 2 gr (4 cm) Miks Renk + 30 gr Morfose 10 = 32 gr Morfose 10 Oksidan Krem

Bekleme süresi tamamlandığında bir miktar ılık suyla saçta masaj yapınız, durulayarak Morfose 10 Renk Sabitleştiren Şampuan ile saçı yıkayınız.

Mixing Recommendations

- Morfose 10 Mix Colors are intense pure colorants (without depth). The lighter the tone used as the base, the less the Mix Color is used. (Exception: 12)
- To intensify strands or sections of hair, Morfose 10 Mix can be used purely with Morfose 10 Oxydant Cream in a 1:1 ratio.
- For exceptional, brilliant color results, apply to pre-lightened hair.

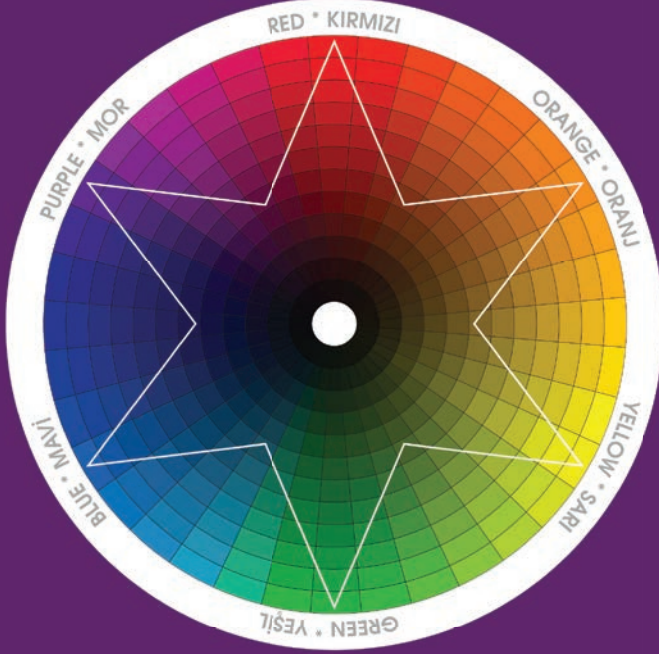

Mixing Ratio

In general, Morfose 10 Mix shades are used in modest amounts when mixed with Morfose 10 shades.

1 part Morfose 10 + Morfose 10 Mix + 1 part Morfose 10 Oxydant Cream,
2 gr (4 cm) Mix Color + 30 gr Morfose 10 = 32 gr Morfose 10 Oxydant Cream.

When the development time is complete, add a little warm water and gently emulsify. Rinse thoroughly and use Morfose 10 Color Lock Shampoo.
